On **Saturday August 28th, 2022** a group of land trust volunteers in partnership with REI performed a clean-up behind Panera Bread and REI along Boston Post Rd. The team removed trash and invasive plants which was a wonderful kick-off to our relationship with the wonderful conservationists at REI.

Eco-Talk Opportunity:

Saturday October 29th from 3p-5p @ Carriage Dr:

Our neighbors have been notified and while our plans were thwarted a bit by Hurricane Ian, we are so thrilled to be able to bring a wonderful eco-talk to the Carriage Dr. property. We will be visiting with neighbors and talking about the plot of land and its importance to the ecosystem. We hope to see you there.
